# How to iron Your pattern

Set the iron to **cotton (\*\*)**.

Put baking paper **on top of the pattern**.

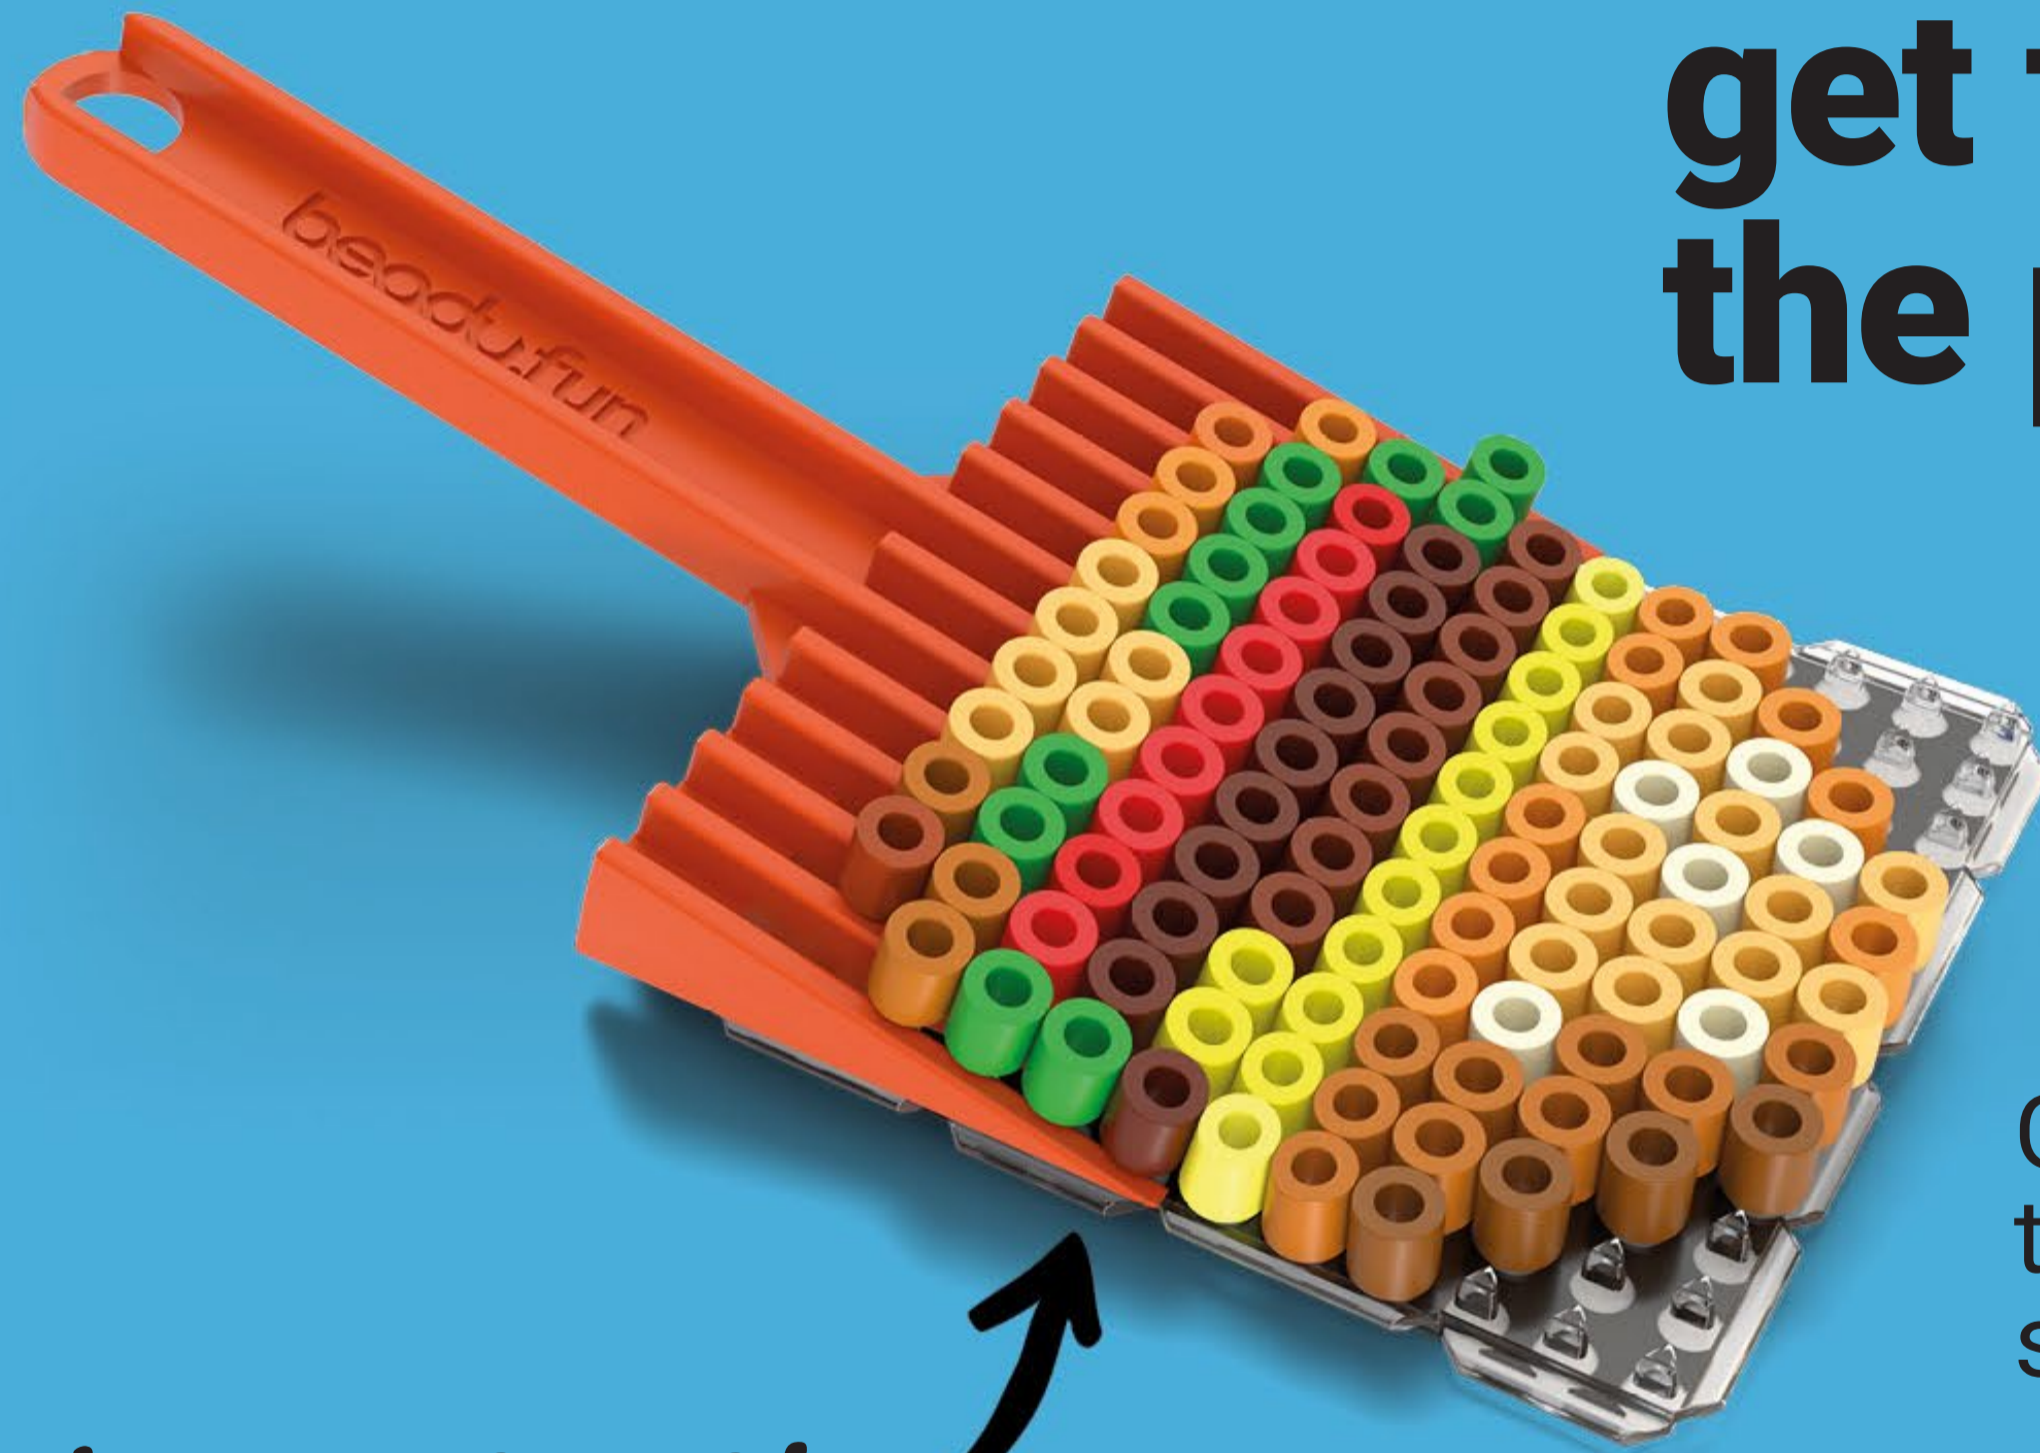

**Let an adult iron the pattern.**

Iron with light pressure and in circular motions. The pattern is finished when you can **clearly see the colors**.

Remove carefully the paper.

**Leave the pattern to cool under a book or other flat surface.** Let it rest for a couple of minutes.

**This is how you  
get the beads off  
the pegboards**

Gently press the scraper under the beads. and push forward in small jerks.

**Important!**

The teeth of the comb, must be between the spikes.
